

Lavazza Espresso Point

LAVAZZA
ITALY'S FAVOURITE COFFEE

Once you use the *Lavazza Espresso Point System* you will understand why Lavazza is Italy's favorite coffee. The prepackaged, gas-flushed cartridges, combined with Lavazza's proprietary machine technology, give you the ultimate Italian experience without any of the cleanup. With a stylish Italian design, your *Lavazza Espresso Point machine* will be the center-piece of any beverage station.

KEY FEATURES

- *LAVAZZA ESPRESSO POINT* is a portable electronic hot beverage center ideal for both offices and food services operations.
- Whether in the coffee break room, conference room or even your own home, *LAVAZZA ESPRESSO POINT* delivers espresso in a matter of minutes!
- Hermetically sealed cartridges eliminate difficulties in preparing *your* espresso such as: espresso grinding, proper dosage, and brewing.
- The buttons on the front panel include three pre-set doses for different espresso strengths, (strong, medium, and weak) you can also make a traditional brewed cup of coffee!
- Built-in steam spout is perfect for frothing milk for cappuccinos and delivers hot water rapidly.
- *LAVAZZA ESPRESSO POINT* cartridges are available in a wide assortment of espressos, teas, and other hot drinks.
- *The LAVAZZA ESPRESSO POINT* automatically ejects the used cartridges into the refuge drawer for quick disposal.
- Requires no waterline hook-up and utilizes a very small amount of space.

UL and NSF4 approved for household and commercial use

Lavazza Italian Roasts Available

Aroma Club 100% Arabica

Lavazza's newest addition to its lineup of Lavazza Espresso Point cartridges. Aroma Club is an exclusive blend of 100% prized Arabica coffees from the best growing regions of the world. Because of this, it is also naturally low in caffeine content.

The particularly delicate and sweet, yet sharp and full-bodied flavor and aroma of this superior coffee make it ideal to enjoy as a single or "ristretto" (short espresso). This is the blend for coffee connoisseurs, who like their espresso without sugar.

Vacuum-sealed bags contain two, single use cartridges to preserve freshness.

Each master case contains fifty bags (100 servings total).

Crema & Aroma

Lavazza roasts this wonderfully full-bodied coffee blend for those who prefer an extra "kick" in their espresso. The best varieties of Arabicas are selected, with just a touch of rich Robustas to add that unmistakable character so typical of great Italian espresso.

The Gran Espresso grind and roast make this espresso blend highly enjoyable both on its own, strong but never bitter, or as a rich base for cappuccinos and lattes.

Aroma Point

A creamy blend of intense flavor and perfect body. It includes the finest coffees from Brazil and Central America combined with the sweet and full-bodied Indonesian robusta coffees.

The "Caffe" Espresso" grind of this coffee makes it enjoyable as espresso or as a rich base for cappuccinos and lattes. The sweetness of the blend can be fully appreciated with just a dash of sugar (or none at all). This is the product to choose for lovers of the now discontinued "Super Crema" Espresso Point blend.

Aroma Point Blue

Many of our customers have wanted an all-in-one machine and Lavazza has answered their request with this new coffee blend that is meant to be brewed long (8oz.) and results in a delicious cup of American Coffee.

Each master case contains fifty bags (100 servings total).

Decaffeinated 100% Arabica

Lavazza uses only the best, 100% Arabica varieties of coffee for its water-processed decaffeinated espresso. After decaffeination, the coffees are masterfully roasted and blended to produce an amazingly rich cup of espresso. Lavazza Espresso Decaffeinato is ground finer to produce an aromatic espresso with thick and persistent crema, so satisfying it is hard to believe it is decaffeinated.
