

Looking for a better way to  
**PROVIDE FOOD  
& BEVERAGES**  
for your employees?

Picture walking into your break room and having the freedom to browse through hundreds of selections before selecting your item and purchasing it at an easy to use, unmanned, self-checkout kiosk.

You can now offer your employees their own convenience store in your place of business!

## How Does it Work?

Avanti Markets uses a revolutionary self-checkout kiosk designed specifically for use in business and industry convenience stores. Enjoy your purchase in just 3 easy steps!

- 1 Simply pick out the items that you would like to purchase

- 2 Scan the UPC code at the kiosk

- 3 Pay for the item using one of two methods:

- Credit or Debit Card - Mastercard, Visa and Discover accepted
- Avanti Keytag - add value using cash or card

## What Do You Need?

- 1) An employee area away from public traffic to designate as the market location
- 2) Power supply for coolers, freezers and the kiosk system
- 3) Internet access

It really is that simple!

## Product Selection

### Here's the best part:

Avanti Markets can accommodate nearly any product mix! We can provide you with hundreds of selections including specialty products of your choosing.

## Completely Customizable!

Choose from a huge list of products and healthier options, including:

- Fresh fruits and salads
- Deli sandwiches, subs, soups and meal options
- Premium beverage, sparkling drinks and juice varieties
- Popular salty snacks, candies, gum and mints
- Low-calorie, low-fat, healthy alternatives
- Breakfast sandwiches, pastries and cereals
- Ice cream and other frozen treats
- Medicine and sundry items
- Take home items such as milk, bread and pizza

You can now enjoy healthier meal options right in your office! With the convenience of a minimart and deli, an Avanti Market means you don't need to leave your business during the day for food, drinks, snacks or lunch.

## Equipment & Technology

Avanti Markets believes in using only state-of-the-art equipment. We provide modern efficient coolers, attractive fixtures, kiosk and a full security system. Each market has its own web-based inventory management system, which makes adding products and evaluating inventory quick and easy.

### Equipment Specifications

Using the latest technologies, all of our equipment is energy efficient and can be made to fit in almost any size space.

Equipment Type	Height	Width	Depth	Weight	Voltage	Amp's
Kiosk	60.5	23.5	20	70	115	2.1
Single Door Cooler	78	30.5	31	363	115	5.3
Double Door Cooler	78	47.5	31	533	115	6.8
Single Door Upright Freezer	60	24	26	260	115	9.1
Single Door Upright Freezer	77.75	26.75	28.4	280	115	9.5
Grid Wall	72	24	16	15	N/A	N/A
Chest Ice Cream Freezer	35	26	25.5	72	115	4.9

### Security

Each market is equipped with a 24 hour a day security system. Keep in mind that we recommend that you only place our Avanti Markets in "closed locations." That is, businesses with moderately secured facilities for a known group of employees that have a designated area away from heavy public traffic.

The security system works "in sync" with the kiosk to monitor the market. With these systems in place, we have experienced theft amounts in controlled environments to be negligible. Clearly marked signs indicate the users are on camera, which discourages theft in Avanti Markets.

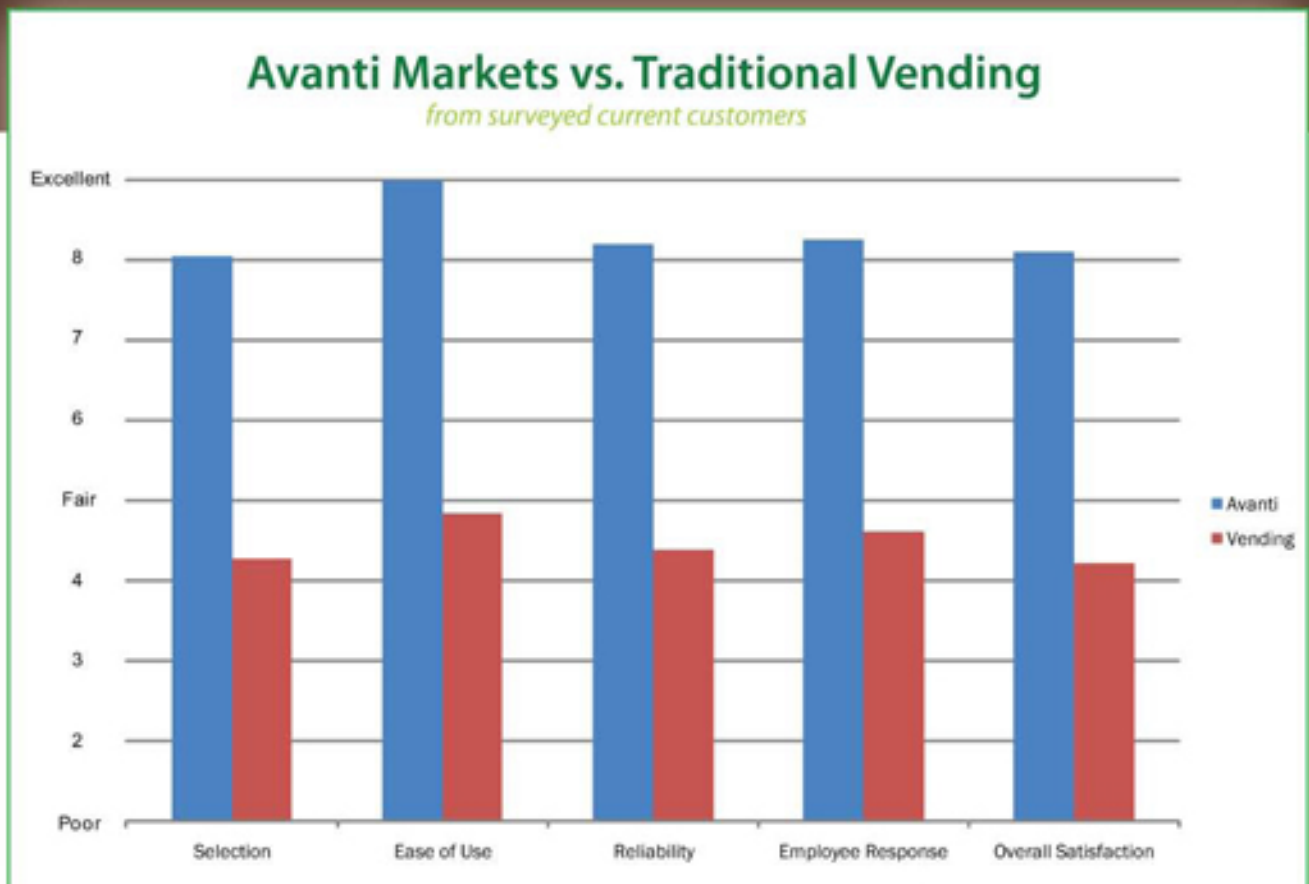

## Advantages Over Traditional Vending

- ▶ Keeps employees on-site for meals potentially reducing lateness and the need for unnecessary auto travel
- ▶ Near limitless selection of food and beverage choices, including healthier options
- ▶ No "hung" products, loss of money or refund hassles
- ▶ No empty spaces or broken machines mean less service calls
- ▶ Browse, touch and feel items and view nutritional content before purchasing
- ▶ **Green** - Avanti Markets use less energy than traditional vending

It all boils down to one thing...**happier employees!**

## Market Layouts

As with all other features, the layout of your Avanti Market is completely customizable. Whether the space is where a current vending bank is, a break room, converted office or common area, our markets and components are flexible enough to work. The only requirement is the space must be equipped with a power source and Internet connection.

"I use the Avanti Market every morning for a drink and I love the ease and convenience of being able to use my debit card as I don't always carry cash. It is also a lot quicker. Thanks!"  
- Seattle, WA

"Vending machines can't come close to the variety of goods that are offered in the Avanti Market. Our employees have had nothing but glowing reviews and we couldn't be happier!"  
- Portland, OR

"We are very pleased that we can offer better quality and healthy products to our employees. The Avanti Market was the perfect solution to our second shift personnel whose time restraints made it almost impossible to leave the premises for dinner."  
- Bellevue, WA
